

RGCS Engineering Sheet — Annular Ring Prototype

Design RING-37-001 · 37 cells

Ring geometry (derived, closes exactly)

design ID	RING-37-001
outer diameter (mm)	288
inner diameter (mm)	188
annulus width (mm)	50
cell count	37
cell span (deg)	9.72973
active cells	33
blanked cells	33, 34, 35, 36
material	FR4

Probe plan

probe	cell
P1	0
P2	9
P3	18

Sideband table (base 4096 Hz ± n · 925 Hz)

order	lower (Hz)	upper (Hz)
1	3171	5021
2	2246	5946
3	1321	6871

Claim boundary

This annular ring design records geometry, masks, phase tables, probe layouts, and model outputs. It is not evidence of physical performance until measured.
